

Head in the clouds? Perfect.

We're on a mission to deliver travel and expense solutions for our customers. Concur imagines the way the world should work, offering cloud-based services that make it simple to manage travel and expenses. By connecting data, applications and people, Concur delivers an effortless experience and total transparency into spending wherever and whenever it happens, so businesses can focus on what matters most.

CONCUR

Chief Product Officer

Check out our internship program

Continued learning through our Spotlight series: whether it's learning about our products or how to build a LinkedIn profile, the series is tailored to you

Paid holidays

High visibility assignments:

work that is challenging, impactful and related to your major

Job shadowing:

want to learn more about specific functions across the company? Cross-group collaboration and learning is encouraged.

Social Gatherings are a must:

- Welcome dinner hosted by one of our leaders
- Monthly company meetings
- Face-to-face executive time

Possibilities are endless:

opportunity to extend your internship throughout the school year with a part-time schedule

The inside scoop...

"My 10 weeks at Concur taught me more than any amount of time in a classroom ever has. I was never "just an intern;" instead, I was able to take on and be recognized for high-visibility projects. I'll be heading back to school this fall with a talented new circle of friends from around the world, a larger design portfolio, and the excitement of returning to such a vibrant company culture in the future."

- *Kalei Munsell, Graphic Design, Marketing Intern, 2015*

"The Concur internship is unlike any other internship out there. Where else can an upcoming sophomore get real professional experience in a multinational company, provide solutions to complicated, real business dilemmas, and have a blast doing it with great people."

- *Abiel Zewolday, IT Intern, 2015*

Who are we looking for?

- Students who are self-motivated and have an innate sense of curiosity
- Individuals who love collaboration and excel in a team environment
- Problem solvers who are relentless in their pursuit to improve and make an impact
- Students who embrace opportunities to try something new

Are you a student on a mission?

We'd love to have you join our team. Several departments post internship opportunities throughout the year at: **concur.com/careers**
