

SAP CONCUR AT WORK IN MANUFACTURING

MAKING LIFE EASY FOR EMPLOYEES

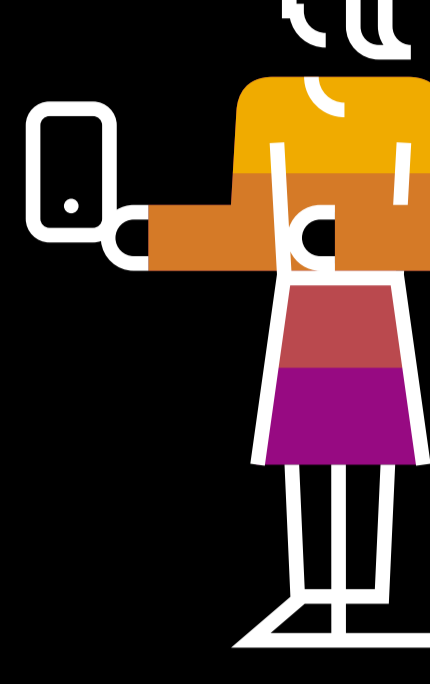

Seamless travel, expense and invoice management

Need to visit a different office or plant?

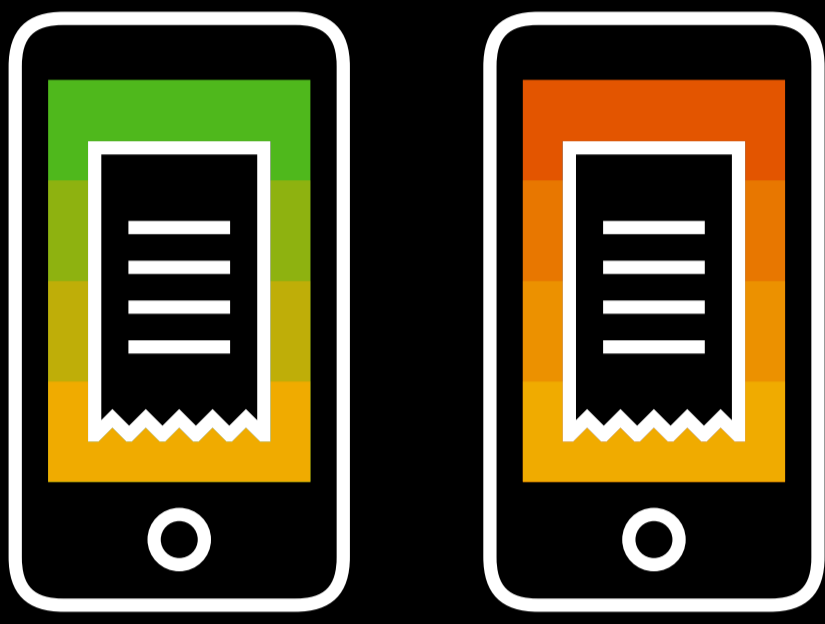

Search and book travel on the move

Want to save an expense receipt?

Snap a picture from your smartphone

Last-minute change of plans?

Adjust your itinerary from your mobile device

Managing multiple supplier invoices?

Consolidate everything for speedier payments

EFFICIENCY

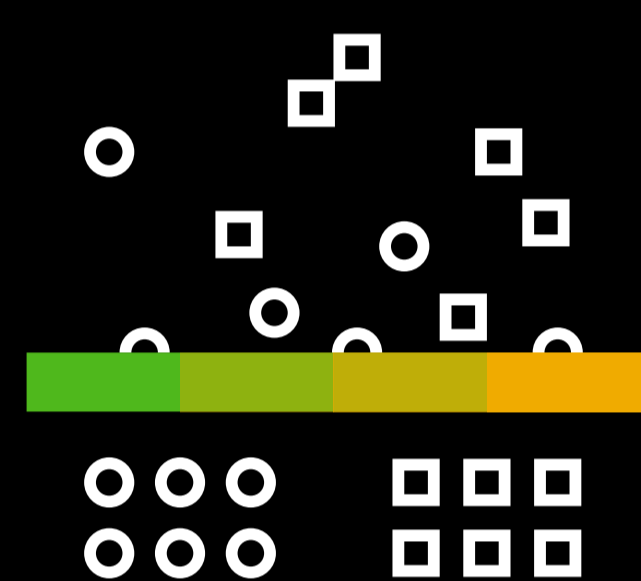

Transform disjointed, manual processes into an integrated, automated workflow

Simplify the entire process from request to reimbursement

Eliminate the need to print, post and store piles of paper

Instant access to spend data across departments and projects

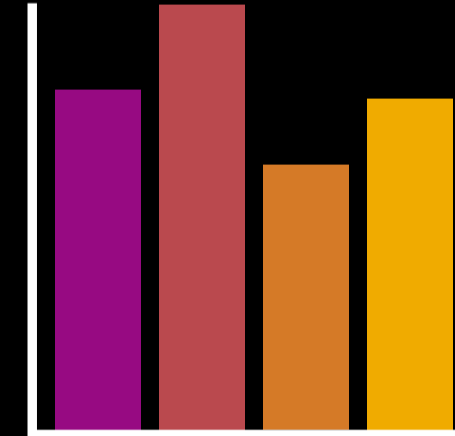

ROI

Preserve efficiency and reduce operating costs to keep your company agile and innovative

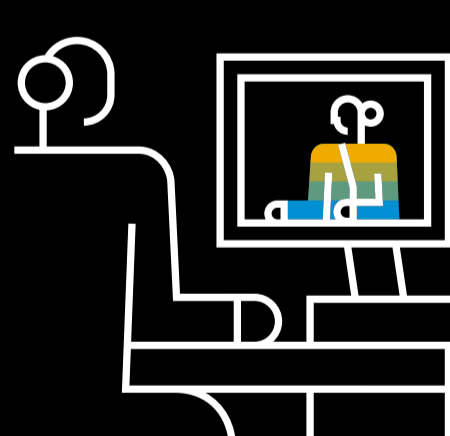

Improved cost controls
Prevent unnecessary and non-compliant expenditure

Enhanced supplier discounting
Centrally capture all expenditure wherever it occurs

Protect your margins
Automate your domestic and international VAT reclaim

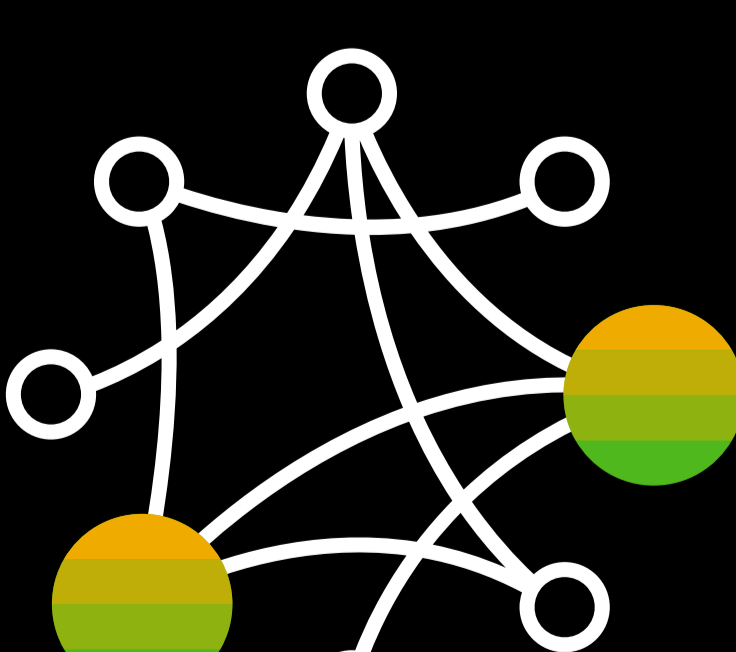

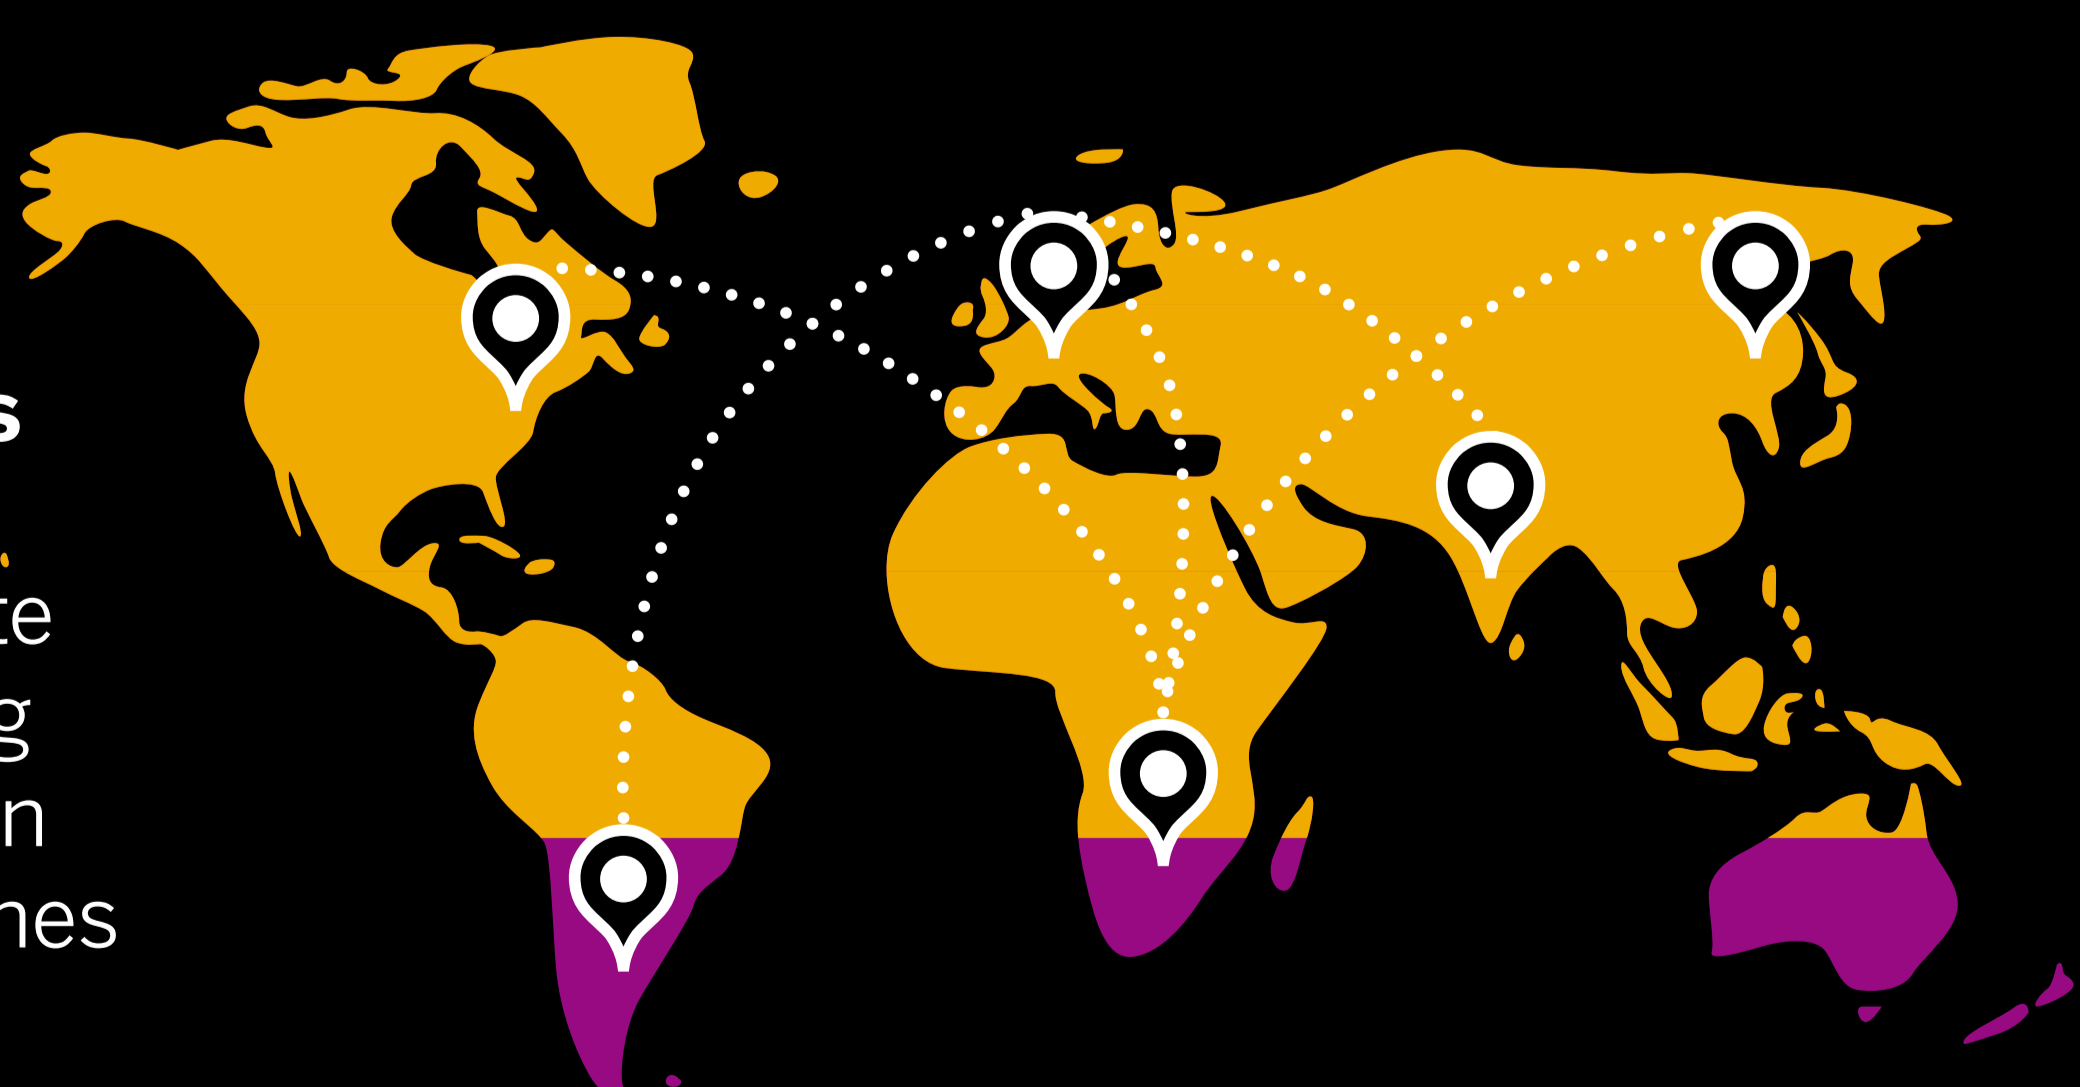

Optimise internal resources
Refocus staff on more strategic activities

SCALABLE AND INTEGRATED

Working across locations?
Easily collaborate without worrying about conversion rates or time zones

SAP Concur solutions are customisable to meet the needs of a complex global workforce within a single platform

SAP Concur connects to your existing systems for rapid deployment so you can realise the business benefits sooner than you might think.
